

IEA Bioenergy

Ir. Kees W. Kwant
NL Enterprise Agency,
Ministry of Economic Affairs
Chair IEA bioenergy

Facilitating commercialisation and market deployment of environmentally sound, sustainable and cost-competitive bioenergy technologies.....

Vision and Mission

Vision:

To achieve a substantial bioenergy contribution to future global energy demands by

- accelerating the production and use of
- environmentally sound,
- socially accepted and
- cost-competitive bioenergy on a sustainable basis

Mission:

To facilitate the commercialisation and market deployment of

- environmentally sound,
- socially acceptable,
- and cost-competitive bioenergy systems and technologies,
- and to advise policy and industrial decision makers accordingly.

www.ieabioenergy.com

IEA Bioenergy.....

- Provides an international forum for sharing information and developing best practice on
 - Technology development
 - Non-technical barriers and issues
 - Regulatory and legislative issues
- Produces authoritative information on key strategic issues affecting deployment

23 Contracting Parties

- Australia
- Austria
- Belgium
- Brazil
- Canada
- Croatia
- Denmark
- European Commission
- Finland
- France
- Germany
- Ireland
- Italy
- Japan
- Korea
- Netherlands
- New Zealand
- Norway
- South Africa
- Sweden
- Switzerland
- United Kingdom
- United States

10 Tasks in three areas

- **Feedstock**
Forest and agricultural products, MSW and recovered fuels
- **Conversion**
Combustion, gasification, pyrolysis, anaerobic digestion, fermentation, biorefineries
- **Integrating Research Issues**
GHG balances, socioeconomic drivers, international trade, systems analysis

Exco Workshop

- Executive Committee meeting 74
 - 21 + 22 October 2014, Brussels

- Workshop
 - Land Use and Mitigating iLUC
