

Gösser – „Green Brewery“

...one of the 15 Milestones in der 150 years HEINEKEN History

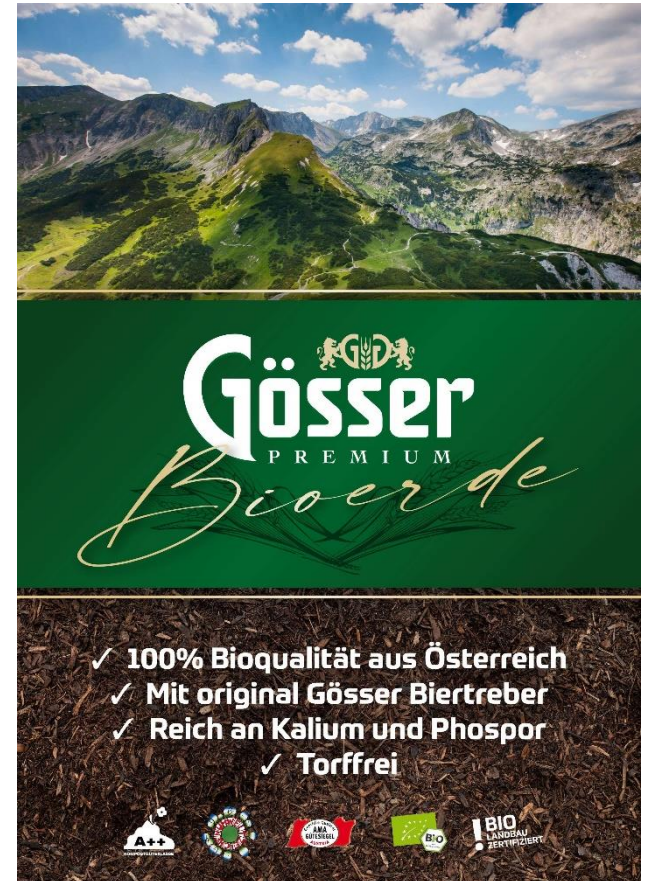

Biogasproduction NEXT –> Biogas Purification

The Residue of Biogas Production is Digestate

Contains High proportion of the valuable nutrients phosphate and potassium!

Absolute Purity – Organic Certified !

The Result

- we get new products with a higher value
- we save transportation costs
- we save water
- we build up humus-soil by fixing CO₂
CCU – CO₂-capturing- unit > CO₂-certificates

We create a **closed cycle economy**, improved carbon footprint,
we turn cost into savings.
